GIANT & CUSTOM INFLATABLES

WE BELIEVE* IN INNOVATIVE PORTABLE BRANDING SOLUTIONS THAT WORK.

At ExpandaBrand, we're driven by a lot more than just being the best. We're dedicated to not talking about our values, but to living them. Unlike our competitors, we're focused on delivering uncompromised longevity, quality and innovation that puts ExpandaBrand products in a league of their own.

We believe in offering more than a superior range of market-leading banners, tents etc but also any kind of inflatable imaginable.

We are constantly looking for NEW Innovative ideas and have now developed unique lightweight giant inflatables that are easy to carry and transport.

The fabric printing of the giant inflatables also utilises the latest colorfast inks, so Inflatables now are manufactured with bright, bold and eye-catching designs to ensure your brand is clearly visible from a distance. For that added X-Factor, most of our products offer optional LED lighting to really blow your customers away.

Your only limit, is your imagination...

PRODUCT CARE

CARE INSTRUCTIONS

The longevity of your branding depends on the color as well as the environmental factors such as traffic, pollution, sunshine, wind and rain.

- Always ensure products are setup with a 360° all-round clearing so that they do not rub against walls, plants, trees, street lights etc
- Always remember to tie down products that need to be tethered
- To increase the life-span of your branding, take it down at night and in windy conditions where the windspeed exceeds 16 mph
- Remember color lasts longer in the shade
- If the branding is used on a daily basis, we recommend cleaning once a month
- In the case of rain and condensation, be sure to dry the branding before packing it away

WASH INSTRUCTIONS

Clean with warm, soapy water (30°C/75°F) or a cold, gentle machine wash

Do not bleach

Steam Iron only

Do not tumble dry

Do not dry clean

Dry thoroughly before packing away

INFLATABLE ARCH

- Perfect for outdoor race events - Start/Finish line
- Eco friendly fabrics with non-toxic water based inks
- Custom woven 100% polyester (230gm²) with reinforced pvc base
- Coated fabric for durability (minimal air loss and waterproof)
- Coated fabric creates dirt repellent and vivid colors
- HLF and fire retardant available on request
- Unlike pvc inflatables, the print does not crack or stick to itself
- Portable, light and easy to transport
- Requires only one person to carry and install
- Can be hand washed with warm, soapy water
- Ground pegs, ropes and carry bag included
- Optional LED lighting for that WOW factor
- Additional removable sleeves can be printed to update branding between events
